EDUCATION

St. Augustine Catholic High School

10th Grade Student

Toronto, Canada

Sept. 2023 – June 2027

The Knowledge Society

Alum

Toronto, Canada

Sept. 2023 – June 2025

EXPERIENCE

Freelance Web Developer

Self-Employed

Jan. 2024 – Present

Remote

- Make cold calls to various local businesses and build websites to increase their online presence.

Assistant Teacher

Spirit of Math

Sept. 2023 – Jun. 2024

On-Site

- Assisted in the teaching of mathematics to 2 classes, each with a classroom size of around 20 kids.
- Managed grades and classrooms, and communicated progress to parents.

Consultation Intern

Microsoft

Mar. 2024 – Apr. 2024

Remote

- Worked alongside Microsoft in order to increase efficiency within AI and energy costs optimization, specifically optimizing their datacentres.
- Conducted research and formulated an extensive project regarding integration of underwater data centers and focused on the AI budget in an environmentally friendly manner
- Crafted recommendation statistics, analytics and compiled it all into a slide deck for Microsoft engineers to use.
- Courtesy of TKS.

Marketing Solutions Intern

Google

Oct. 2023 – Dec. 2023

Remote

- Worked alongside Google to increase efficiency within product management ecosystem. Communicated with technical, marketing, and go-to-market team members.
- Created 3 primary recommendations to ensure communication between GTM teams and developers; genAI product updates, 3rd party service AdScraping, automated universal product update terminal connected to engineers' deployments
- Courtesy of TKS.

PROJECTS

Clarus | React, Python, Git

Jan. 2025 - Present

- Co-founding a startup with the goal of making real scientific information accessible and understandable for everyone.

EcoSearch | Python, dWave, Flask

Sep. 2023

- Utilized quantum annealing to develop a program to formulate an efficient path for ride share Uber drivers.
- Goal of optimizing fuel usage, time, and rider pickups.
